Dear Scott,

I would like to formally recognise the contribution you made with regards to turning our original 3-bedroom cottage into a beautifully renovated 4-bedroom family home.

Your work ethic, honesty and integrity are testament to the final product. The construction process ran smoothly and seamlessly thanks to your fantastic communication skills. You run a tight ship and all of the tradesman you had on site were of the same calibre and respected our home, which is a massive positive!

Thanks again for all your time, effort and expertise, it was a pleasure working with you.

Kind Regards

Kim Cotrona
